SENTRY™ Automatic Inlet Stabilizer

Ideal for 1.5" & 2" AODD Pumps

Say goodbye to manual adjustments and hello to streamlined operations—the SENTRY Automatic Inlet Stabilizer sets a new industry standard. Pre-sized for 1.5" and 2" AODD pump inlets, this revolutionary solution will reduce wear and tear on the suction side of your AODD pump. Experience the difference of peak performance and unmatched efficiency.

FEATURES

- Automatic air control self-adjusts as system pressure increases or decreases, and resets to be ready to operate again when system restarts
- Extend service life of pump and inlet system components by stabilizing inlet pressure and smoothing fluid flow
- Avoid cavitation by eliminating acceleration head loss

SPECIFICATIONS

- **Housing materials:** Stainless steel
- **Diaphragm materials:** PTFE
- **Pump Sizes:** 1.5" & 2" AODD Pump
- **Inlet Types:** FNPT, BSP, ANSI Flange, Tri-Clamp
- **Max Pressure:** 150 psi (10.3 bar)
- **Air Control:** Automatic
- **Certifications:** ATEX
